\$829 YFL-212 STUDENT FLUTE

Featuring the same high-grade design and craftsmanship as the 300 and 400 series models, 200 Series Flutes are made of durable nickel silver with an attractive silver-plate finish. They are characterised by excellent response and intonation. YFL-222ID also available, \$759.

BRASS & WOODWIND

YFL-372 STEP-UP FLUTE \$1,549

Yamaha took all the lessons learnt through the process of developing and perfecting our Handmade and Professional models and incorporated their essence into the design of our intermediate and standard flutes. These are flutes that will help beginners rapidly improve, while offering more advanced players excellent response and tonal qualities. YFL-472ID with Solid Silver head and body also available, \$2,199.

YPC-32 PICCOLO \$1,299

With its easy playability, accurate intonation, and characteristic piccolo sound, the YPC32 is very popular with students as well as doublers. The body is made of sturdy, maintenance-free ABS resin for a sound similar to that of natural wood.

YPC-62 PICCOLO \$1,799

A long-time favourite of professional musicians, the YPC62 can be found in many top orchestras worldwide. Characterised by excellent intonation and playability, it features a nickel silver headjoint and body of carefully seasoned grenadilla for a warm full tone. YPC-62R also available, \$2,199.

A. YCL-255 STUDENT CLARINET \$799

The YCL255 was built with the beginner and school instrument in mind. Teachers love this model for its solid intonation. Its strong ABS resin is durable. Includes a light-weight bell, adjustable thumb rest and easy-to-carry case. YCL450III step-up clarinet also available, \$1,699.

B. YCL-450M STEP-UP CLARINET \$1,699

This clarinet is one-of-a-kind. Perfect for a beginner to intermediate student that is ready to make a sound that only a wooden clarinet can produce, but not experienced enough to care for it. It's made from grenadilla wood, but features an ABS resin-lined inner bore in the top joint to prevent cracking. Includes silver-plated keys and adjustable thumb rest.

C. YCL-650WC CLARINET \$2,099

Ideal for the advanced student looking for a bit more from their clarinet at an affordable price. Undercut tone holes and a unique bore design ensure a beautiful and rich clarinet sound.

D. YCL-221III BASS CLARINET \$3,699

Made to last! Built from sturdy ABS resin it comes in a robust hard case for protection.

LINE 6 RELAY G10 WIRELESS SYSTEM \$299

Plug and play digital guitar wireless system for home or the studio that's as easy to use as a regular cable.

VOX AMPS

AC10C1 GUITAR AMP \$699

Introduced in the 1960s, the AC10C1 combo offers the classic layout of Gain, Volume, Reverb, Treble and Bass tone controls. The amplifier features 2 x 12AX7 preamp tubes, a pair of EL84 tubes and a 10" Celestion VX10 speaker, providing superb tone.

MV50 GUITAR AMP HEADS \$299

This little monster weighs in at only half a kilo but boasts a tremendous 50 watts of power thanks to Nutube technology, producing serious guitar tone that rivals the sound of your favourite tube amp. Available in AC, Clean, Classic Rock, Boutique, and High Gain. BC108 (\$129) and BC112 (\$399) speaker cabs for MV50 also available.

V845 VOX WAH PEDAL \$99

Based on the specifications of the original pedal developed by VOX in the '60s, the V845 Wah-Wah offers guitarists the same legendary Wah-Wah tone in this sturdy but very affordable design.

VX50-GTV GUITAR AMP \$359

The VX50-GTV has a design that's ultra lightweight, an internal structure optimised for sound with 11 amp models, 8 effects, and the next-generation Nutube vacuum tube. Overturning existing ideas of guitar amps, the VX50-GTV will allow you to enjoy playing guitar in any style.

AMPLUG2 HEADPHONE AMP \$69

Offering the easiest way to enjoy true analogue amplifier sound in your headphones, AP2 provides three tone voicings along with Chorus, Delay and Reverb effects. The amPlug is the simplest way to get serious sound; occupying virtually no space, it's an ideal choice for any guitarist. Available in AC30, Classic Rock, Blues and Bass versions. AmPlug2 Cabinet also available, \$69.

AMPS & EFFECTS

LINE 6 RELAY G10 WIRELESS SYSTEM \$299

Plug and play digital guitar wireless system for home or the studio that's as easy to use as a regular cable.

LINE 6 RELAY G10S WIRELESS SYSTEM \$399

Plug and play pedalboard digital guitar wireless system that frees guitarists up to move around the stage without getting caught up in their cables.

SPIDER V 60 MkII

SPIDER V 30 MkII

SPIDER V 20 MkII

LINE 6 SPIDER V MkII

LINE 6 SPIDER V 20 MkII GUITAR AMP \$239

20 watt guitar amp with 16 presets for guitar, bass and acoustic guitar, and micro USB connection to Spider Remote app for recording.

LINE 6 SPIDER V 30 MkII GUITAR AMP \$319

30 watt modelling amp with 8" speaker, over 200 amps, cabs and effects, new Classic Speaker mode for enhanced sound and feel, USB interface and free Spider V Remote app recording.

LINE 6 SPIDER V 60 MkII GUITAR AMP \$479

60 watt modelling amp with 10" speaker, over 200 amps, cabs and effects, new Classic Speaker mode and full range speaker system with built in wireless receiver. Optional G10-T wireless transmitter also available, \$149.

THR5A AMPLIFIER \$279

THR5A is optimised for use with electric-acoustic guitars. Utilising advanced modelling technologies developed by Yamaha, THR5A offers simulations of classic tube condenser and dynamic mics combined with studio-grade effects to create recording-studio tone direct from your guitar .

LINE 6 DL4 DELAY STOMPBOX \$419

The fabled "green box" Line 6 first released in 2000, containing 16 digitally modelled legendary echo and delay boxes.

AMPS & EFFECTS

AC10C1 GUITAR AMP \$699

Introduced in the 1960s, the AC10C1 combo offers the classic layout of Gain, Volume, Reverb, Treble and Bass tone controls. The amplifier features 2 x 12AX7 preamp tubes, a pair of EL84 tubes and a 10" Celestion VX10 speaker, providing superb tone.

AC15C1 GUITAR AMP \$929

Since 1958, the AC15 combo has been the amplifier of choice for countless guitar players. Today's version, offers Normal and Top-Boost channels, each with a Volume control, and the Top Boost channel offers highly interactive Treble and Bass tone controls. The AC15C1 has 3 x 12AX7 preamp tubes, a pair of EL84 tubes and a 12" Celestion G12M Greenback speaker.

MV50 GUITAR AMP HEADS \$299

This little monster weighs in at only half a kilo but boasts a tremendous 50 watts of power thanks to Nutube technology, producing serious guitar tone that rivals the sound of your favourite tube amp. Available in AC, Clean, Classic Rock, Boutique, and High Gain. BC108 (\$129) and BC112 (\$399) speaker cabs for MV50 also available.

V845 VOX WAH PEDAL \$99

Based on the specifications of the original pedal developed by VOX in the '60s, the V845 Wah-Wah offers guitarists the same legendary Wah-Wah tone in this sturdy but very affordable design.

VX50-GTV GUITAR AMP \$359

The VX50-GTV has a design that's ultra lightweight, an internal structure optimised for sound with 11 amp models, 8 effects, and the next-generation Nutube vacuum tube. Overturning existing ideas of guitar amps, the VX50-GTV will allow you to enjoy playing guitar in any style.

AMPLUG2 HEADPHONE AMP \$69

Offering the easiest way to enjoy true analogue amplifier sound in your headphones, AP2 provides three tone voicings along with Chorus, Delay and Reverb effects. The amPlug is the simplest way to get serious sound; occupying virtually no space, it's an ideal choice for any guitarist. Available in AC30, Classic Rock, Blues, Clean, Lead, Metal, and Bass versions. AmPlug2 Cabinet also available, \$69.

AMPS & EFFECTS

VX15-GT GUITAR AMP \$209

The VX15 GT was born from a desire to open up new possibilities for guitar amps with a design that's ultra lightweight, an internal structure carefully calculated for the optimal sound, and realistic and stage-ready sounds driven by modelling technology. With 11 amp models and 8 effects, the VX15 GT will allow you to enjoy playing guitar in any musical scene.

MSB25 GUITAR AMP STACK \$559

An iconic design reimagined for a new generation, combining iconic looks with stunning Nutube sound. The all-new Vox Superbeetle inherits the iconic look of the '60s and adds all-new analogue technology with an open-backed cabinet equipped with one 10" Celestion speaker, built-in tremolo effect driven by Nutube, and reverb.

PATHFINDER 10 GUITAR AMPLIFIER \$119

With classic VOX tone this 10 watt practice amplifier is packed with vintage appeal.

Pathfinder 10 for bass guitar also available \$129.

VT40X GUITAR AMPLIFIER \$339

The VT40X guitar amp has 40 watts of power, 10" speaker, 11 amp models, 13 effects, user pre-sets and is compatible with the Tone Room app.

AC4TV VALVE COMBO \$349

Way back in 1961, VOX rolled out the AC4 amplifier. This up-to-date Class A version retains the distinctive EL84 power tube and features a 12AX7 powered preamp, all driving a custom-made Celestion 10" speaker.

AC30S1 VALVE COMBO \$1,199

The AC30S1 delivers the fully-fledged experience of the classic AC30, but in a more stripped down and straightforward way. Its single channel design is based on the revered Top Boost channel of the AC30, a sound that has been the source of some the most famous riffs in rock history.
